

See nothing, hear everything

The CWM663 features a blue Kevlar® bass/midrange driver housed in a die-cast chassis which provides the extra rigidity to provide a cleaner, faster bass. Its aluminium tweeter also incorporates a Nautilus™ tube to absorb unwanted sonic radiation. The CWM663 also utilises a three-position high frequency switch to fine tune the sound. The speaker is incredibly easy to install incorporating QuickDogs™ and plug-and-play functionality.
