### LF audio RCA phono cable

Excellently made audio cinch cable in a coaxial design! This high-quality LF cable has been designed mainly to connect hi-fi and home-cinema systems – eg. for connecting CD players to amplifiers! The effective shielding means that it is almost resistant to any sheath currents and interference. Oxygen-free copper (OFC) has been used for the inner conductor to achieve extremely harmonious and transparent sound characteristics. The plug contacts plated with 24-carat gold are responsible for ensuring perfect contact reliability.

### Features

- ✓ 24- carat gold-plated contacts
- ✓ Robust plastic sheathing
- ✓ OFC – oxygene free copper
- ✓ highly flexible cable
- ✓ Reliable contact

### Technical Data

Cable sheathing	plastic
Shielding material	1 x aluminium foil + 1 x copper braid
Plug design	Metal plug with plastic sleeve
Cable geometry	Round
Plug type	Straight

Designation	Art. No.	Unit	Colour
BEAT 50	2700	0.5 m	Blue
BEAT 100	2701	1 m	Blue
BEAT 200	2702	2 m	Blue
BEAT 300	2703	3 m	Blue
BEAT 500	2705	5 m	Blue

CONNECTIONS	SIGNAL TYPE	SIGNAL DIRECTION
2xRCA    2xRCA	Audio	Bi-Directional
